

WILCO PRESCHOOL

WILCO PRESCHOOL has been established in conjunction with the WILCO Area Career Center. The purpose of the Career Center is to offer high school students the training which will provide them with the necessary skills for employment upon completion of a selected program. Our program, Child Care, is designed to train high school students in the field of Early Childhood Education. The high school students will be working with and teaching the children, as well as observing and learning about early childhood education. With the assistance and supervision of the preschool director and assistant teacher, the students will plan activities and lessons to promote the intellectual, physical, social-emotional and language development of your child.

WILCO PRESCHOOL offers a choice of morning, afternoon or all day sessions. A registration fee and tuition is charged. The fees are used for equipment, school and snack supplies, and various activities throughout the year.

REGISTRATON FEE: Due by: to guarantee your enrollment

The half day classes have a \$60.00 non-refundable registration fee. The full day session has a \$100 registration fee. Fees go toward supplies, not September tuition. If tuition is paid in full on or before the first day of preschool, the registration fee will be deducted from your payment.
