CHAPTER 7	BODY STRUCTURE & FUNCTION
artery	
vein	
capillary	
cell	
digestion	
hemoglobin	
hormone	
immunity	
joint	
menses .	
metabolism	
organ	
peristalsis .	
respiration	
system	
tissue	
organ	,
# of chromosomes	
cell nucleus function	
mítosis	
name 4 types of tissues & their	
function	
function the Integumentary system?	
how many layers of skin?	
what layer has oil glands? Sweat	
glands? Hair? Nails?	
function of musculo-skeletal system?	
# of bones in the human body	
do bables have more bones in their	
body? If yes, why?	
name 4 types of bones & their	
function	
what is a joint?	
list 3 types of joints?	

eustacian tube cochiea accostic nerve where are your taste buds located? what is the function of the circulatory system? RBC WBC platelets plasma what is the function of the heart? name the 3 layers of the heart? which layer is the "muscle" of the heart? bicusspid valve - where is it? What is another name for this valve? If coupled valve - where is it? what is the function of your ymphatic system? ymph nodes what is the function of your ymphagile system? ymph nodes hymnus gland - where is it? What is the function? pipeleen's function? pipeleen's function? what is the function of the espiratory system?	auditory canal	
cochiea acostic nerve where are your taste buds located? what is the function of the circulatory system? RBC WBC platelets plasma what is the function of the heart? name the 3 layers of the heart which layer is the "muscle" of the heart? atrium ventricles bicuspid valve - where is it? What is another name for this valve? ricuspid valve - where is it? systole diastole what is the function of your ymphatic system? ymphatic system? ymphatic system? ymphatic system ymphatic	eustacian tube	
what is the function of the circulatory system? RBC WBC platelets plasma what is the function of the heart? name the 3 layers of the heart which layer is the "muscle" of the heart? atrium ventricles bicuspid valve - where is it? What is another name for this valve? tricuspid valve - where is it? systole diastole what is the function of your ymphatic system? ymphocytes ymphocytes ymphocytes hymnus gland - where is it? What is schools by the function? pleen's function? what is the function? what is the function of the splinatory system?	cochlea	
what is the function of the circulatory system? RBC WBC platelets plasma what is the function of the heart? name the 3 layers of the heart which layer is the "muscle" of the heart? atrium ventricles bicuspid valve - where is it? What is another name for this valve? tricuspid valve - where is it? systole diastole what is the function of your ymphatic system? ymphocytes ymphocytes ymphocytes hymnus gland - where is it? What is schools by the function? pleen's function? what is the function? what is the function of the splinatory system?	acostic nerve	
what is the function of the circulatory system? RBC WBC platelets plasma what is the function of the heart? which layer is the "muscle" of the heart? which layer is the "muscle" of the heart? atrium ventricles bicuspid valve - where is it? What is another name for this valve? tricuspid valve - where is it? systole dilastole what is the function of your ymphatic system? ymphocytes ymphocytes hymps gland - where is it? What is ts function? spleen's function? spleen's function? what is the function of the espleants of the system? what is the function of the espleants of the system? what is the function? spleen's function? what is the function of the espleants function of the e		
what is the function of the circulatory system? RBC WBC platelets plasma what is the function of the heart? which layer is the "muscle" of the heart? which layer is the "muscle" of the heart? atrium ventricles bicuspid valve - where is it? What is another name for this valve? tricuspid valve - where is it? systole dilastole what is the function of your ymphatic system? ymphocytes ymphocytes hymps gland - where is it? What is ts function? spleen's function? spleen's function? what is the function of the espleants of the system? what is the function of the espleants of the system? what is the function? spleen's function? what is the function of the espleants function of the e	where are your taste buds located?	
RBC WBC platelets plasma what is the function of the heart? name the 3 layers of the heart which layer is the "muscle" of the heart? atrium ventricles bicuspid valve - where is it? What is another name for this valve? tricuspid valve - where is it? yistotle diastotle what is the function of your ymphatic system? ymphocytes ymph nodes thymus gland - where is it? What is t's function? consils function? what is the function? what is the function of the esplatory system? ymphation? what is the function? what is the function of the esplatory system?		
RBC WBC platelets plasma what is the function of the heart? name the 3 layers of the heart which layer is the "muscle" of the heart? atrium atrium ventricles bicuspid valve - where is it? What is another name for this valve? tricuspid valve - where is it? systole flastole what is the function of your ymphatic system? ymphatic system? ymph nodes chymus gland - where is it? What is ts function? spleen's function? spleen's function? what is the function of the espiratory system?	system?	
platelets plasma what is the function of the heart? name the 3 layers of the heart which layer is the "muscle" of the heart? atrium ventricles bicuspid valve - where is it? What is another name for this valve? tricuspid valve - where is it? systole diastole what is the function of your ymphatic system? ymph nodes thymus gland - where is it? What is 'ts function? consils function? consils function? place is the function of the espiratory system? pronchus	RBC	:
platelets plasma what is the function of the heart? name the 3 layers of the heart which layer is the "muscle" of the heart? atrium ventricles bicuspid valve - where is it? What is another name for this valve? tricuspid valve - where is it? systole diastole what is the function of your ymphatic system? ymph nodes thymus gland - where is it? What is 'ts function? consils function? consils function? place is the function of the espiratory system? pronchus	WBC	
what is the function of the heart? name the 3 layers of the heart which layer is the "muscle" of the heart? atrium ventricles bicuspid valve - where is it? What is another name for this valve? tricuspid valve - where is it? systole diastole what is the function of your ymphatic system? ymphocytes ymph nodes hymus gland - where is it? What is ts function? consils function? what is the function of the espiratory system?		
what is the function of the heart? name the 3 layers of the heart which layer is the "muscle" of the heart? atrium ventricles bicuspid valve - where is it? What is another name for this valve? tricuspid valve - where is it? systole disastole what is the function of your ymphatic system? ymphocytes ymph nodes thymus gland - where is it? What is t's function? tonsils function? pleen's function? what is the function of the espiratory system?		
name the 3 layers of the heart which layer is the "muscle" of the heart? atrium ventricles bicuspid valve - where is it? What is another name for this valve? tricuspid valve - where is it? systole diastole what is the function of your ymphatic system? ymphocytes tymphocytes tymphocytes tymph nodes thymus gland - where is it? What is t's function? consils function? consils function? what is the function of the espiratory system?		
which layer is the "muscle" of the heart? atrium ventricles bicuspid valve - where is it? What is another name for this valve? tricuspid valve - where is it? systole diastole what is the function of your ymphatic system? ymph nodes chymus gland - where is it? What is 't's function? consils function? what is the function of the espiratory system?	what is the function of the heart?	
which layer is the "muscle" of the heart? atrium ventricles bicuspid valve - where is it? What is another name for this valve? tricuspid valve - where is it? systole diastole what is the function of your ymphatic system? ymph nodes chymus gland - where is it? What is 't's function? consils function? what is the function of the espiratory system?	name the 3 layers of the heart	
heart? atrium ventricles bicuspid valve - where is it? What is another name for this valve? tricuspid valve - where is it? systole diastole what is the function of your ymphatic system? ymphoyetes ymph nodes thymus gland - where is it? What is t's function? consils function? what is the function of the espiratory system?		
ventricles bicuspid valve - where is it? What is another name for this valve? tricuspid valve - where is it? systole diastole what is the function of your ymphatic system? ymphocytes ymph nodes thymus gland - where is it? What is t's function? consils function? spleen's function? spleen's function of the tespiratory system?	heart?	
bicuspid valve - where is it? What is another name for this valve? tricuspid valve - where is it? systole diastole what is the function of your ymphatic system? ymphocytes ymph nodes thymus gland - where is it? What is t's function? spleen's function? what is the function of the tespiratory system?	atrium	
another name for this valve? tricuspid valve - where is it? systole diastole what is the function of your ymphatic system? ymphocytes ymph nodes chymus gland - where is it? What is t's function? consils function? spleen's function? what is the function of the respiratory system?	ventricles	
another name for this valve? tricuspid valve - where is it? systole diastole what is the function of your ymphatic system? ymphocytes ymph nodes chymus gland - where is it? What is t's function? consils function? spleen's function? what is the function of the respiratory system?		
another name for this valve? tricuspid valve - where is it? systole diastole what is the function of your ymphatic system? ymphocytes ymph nodes chymus gland - where is it? What is t's function? consils function? spleen's function? what is the function of the respiratory system?	bicuspid valve - where is it? What is	
systole diastole what is the function of your ymphatic system? ymphocytes ymph nodes chymus gland - where is it? What is t's function? consils function? spleen's function? what is the function of the respiratory system? or onchus	another name for this valve?	
systole diastole what is the function of your ymphatic system? ymphocytes ymph nodes chymus gland - where is it? What is t's function? consils function? spleen's function? what is the function of the respiratory system? or onchus	tricuspid valve - where is it?	
what is the function of your ymphatic system? ymphocytes ymph nodes thymus gland - where is it? What is t's function? tonsils function? spleen's function? what is the function of the tespiratory system?	systole	
ymphocytes ymph nodes thymus gland - where is it? What is t's function? tonsils function? topleen's function? what is the function of the respiratory system?	diastole	
ymphocytes ymph nodes thymus gland - where is it? What is t's function? tonsils function? topleen's function? what is the function of the respiratory system?	what is the function of your	
ymphocytes ymph nodes chymus gland - where is it? What is t's function? consils function? spleen's function? what is the function of the respiratory system? or onchus	lymphatic system?	
ymph nodes thymus gland - where is it? What is t's function? tonsils function? spleen's function? what is the function of the tespiratory system?	lymphocytes	
t's function? consils function? spleen's function? what is the function of the respiratory system?	lymph nodes	
t's function? consils function? spleen's function? what is the function of the respiratory system?		
spleen's function? what is the function of the respiratory system? oronchus	it's function?	·
what is the function of the respiratory system? oronchus	tonsils function?	
respiratory system? pronchus	spleen's function?	
pronchus	what is the function of the	
pronchus	respiratory system?	
niveoli	bronchus	
	alveoli	

scrotum	
sperm	
foreskin	
estrogen	
ovaries	
fallopian tubes	
uterus	
endometrium	
vagina	
labia	
vulva	
fertilization	
how many chromosomes does the	
ovary's egg contain?	
what is the function of the endocrine	
system?	
pituitary gland function	
thyroid gland function	
GH?	
TSH?	
ACTH?	
how many parathyroid glands do you	
have?	
what is the function of the	
parathyroids?	
what does the pancreas secrete	
why do we NEED what the pancreas	
secretes	·
what is the condition called when the	
pancreas is NOT functioning	
correctly?	
what do the adrenal glands do?	
where are the adrenal glands	
located?	
what is epinephrine?	
what is norepinephrine?	
·
